Reinsurance Developments in Latin America
Panelists will discuss recent trends and developments related to reinsurance markets and reinsurance regulation in Latin America.
Moderator: Melissa Curtin, AIG
Panelists:
Luciano Carmona, Swiss Re

Filling the Protection Gap(s): Panelists will discuss protection gaps in both the life/retirement security protection as well as protection against natural catastrophes.
Panel 1: Longevity and Morbidity Risk: Panelists will discuss how the industry can engage with policymakers at international and domestic level to convey the key role that insurers can play as the main providers of long-term self-funded retirement savings (longevity) and retirement security (morbidity) products.
Moderator: Desiree Green, Prudential Financial
Panelists:
TBD

Panel 2: Natural Catastrophes: Panelists will discuss the role that insurers play in closing a growing protection gap between economic and insured risks globally including in Latin America in light of increasing severity and frequency of extreme weather events driven by climate change. Discussion will focus on legal, governmental, regulatory and consumer education challenges for the market to optimize and extend the use of insurance and its related risk management capabilities to build greater resilience and protection for people, communities, businesses, and public institutions that are vulnerable to disasters and their associated economic shocks.
Moderator: John Huff, ABIR
Panelists:
Omar Ortiz, Chubb
